Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send large files to your friends. You can upload any type of file (movies, music, documents, images, zip files and more). Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your files. If only we could, we surely would! On the other hand, using file can actually save you money. Sotry our free and simple filehosting service now. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here:When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You devide whoyou want to share your files with. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. No account or credit card is required to get started. We have no file size limit. Our service is completelyfree for everyone. The cost of that data transfer is covered by your internet service or the data plan on your phone. You can give this download link to yourfirends by mail or instant messenger. Simply upload your file and share the link. Keep your files private, or send your download links only to
